

**DON'T  
REPLACE IT-  
COAT IT**

**Get years of life  
from your chemical  
tanks, containment  
areas and pipes**

**THE REPAIR AND PROTECTION GROUP  
PROUDLY OFFERS  
THORTEX CHEMICAL RESISTANT  
COATING SYSTEMS**

# The RPT Solution for Chemical Attack

The Repair and Protection Group proudly offers  
Thortex Chemical Resistant Coating Systems

The Thortex Systems consists of:

**Thortex Chemi-Tech UC** is a high performance solvent free coating offering the ultimate protection against a wide range of chemicals and is ideal for use in even the most aggressive of environments.

**Thortex Chemi-Tech CR** is designed specifically to be able withstand aggressive corrosion and chemical attack.

**Thortex Chemi-Tech EP** is a heavy duty chemical resistant coating for concrete and mineral surfaces. High build in a minimum number of coats produces a high degree of resistance to attack by aqueous chemicals.

**Thortex Chemi-Tech PW** is a special formulation of Chemi-Tech CR to protect equipment and structures in contact with potable water.

**Chemi-Tech 152 LV** is a tank lining system ideal for use in areas where only manual surface preparation can be achieved.

**Thortex Chemical Resistant Coating Systems** are suitable for use on all types of metal and mineral surfaces, tanks, pipes, containment dykes, tank pads, sewage treatment equipment, storage pits, etc.

**Don't replace it - Coat it and get years of usable life out of your chemical tanks, containment areas and pipes.**

The Repair and Protection Group consists of:  
Repair and Protection Technologies, Inc. (RPT) serving Pennsylvania, New Jersey, Delaware  
RPT New York serving the state of New York
