CONCRETE
STAIRS, FLOORS
AND WALLS**

**THE REPAIR AND PROTECTION GROUP
PROUDLY OFFERS
THORTEX CONCRETE REPAIR
AND RESTORATION SYSTEMS**

The RPT Solution for Concrete Spalling, Erosion and Deterioration

The Repair and Protection Group proudly offers
Thortex Concrete Repair and Restoration Systems

*Designed to repair and restore concrete stairs, floors and
vertical and overhead surfaces.*

The Thortex System consists of:

Thortex Grano-Tech is a heavy duty repair system for concrete and mineral surfaces that is easy to apply by trowel or float. It is ideal for repairing damaged concrete, sills, lintels, steps, ramps, walkways, and loading bays.

Thortex Floor Tech PR is a self-priming epoxy repair mortar for repairing damaged and eroded concrete surfaces.

Thortex Wall-Tech LW is a high performance epoxy repair mortar designed as a lightweight repair compound for use on vertical or overhead surfaces. It is ideal for areas where extensive damage or spalling has occurred and where complete rebuilding is required.

Don't replace it - Repair it and get years of usable life out of your concrete.

The Repair and Protection Group consists of:
