

**DON'T
REPLACE IT-
COAT IT AND
GET YEARS
OF LIFE FROM
YOUR STEEL**

**THE REPAIR AND PROTECTION GROUP PROUDLY OFFERS
THE THORTEX ANTI-CORROSIVE, CHEMICAL RESISTANT
COATING SYSTEM FOR STEEL**

The RPT Solution for Corrosion and Chemical Attack

The Repair and Protection Group proudly offers the Thortex Anti-Corrosive Chemical Resistant Coating System Guaranteed to Last

*Designed to protect structural steel and steel exteriors
exposed to chemical and corrosive attack.*

The Thortex System consists of:

Thortex Corro-Tech GP gives excellent protection to surfaces where only manual surface preparation can be carried out. It is not necessary to blast to a white metal finish, only to remove all loose and flaking rust. **Thortex Corro-Tech GP** provides a tough durable finish with outstanding resistance to a wide variety of chemicals.

Thortex Poly-Nox is a high performance coating system with excellent elastomeric and corrosion resistant properties with the highest level of UV resistance, adhesion and durability.

Damaged or pitted surfaces can be repaired with **Thortex Metal-Tech EG**, a high performance, multi-purpose synthetic metal repair compound.

Don't replace it!
Coat it and get years of usable life out of your steel.

The Repair and Protection Group consists of:
